As an answer to the motion for a certiorari in this case, the defendant in error by his counsel hereby agrees to waive all error or imperfection in the record filed in this cause ~~from the~~ arising <sup>from</sup> the fact that the interlocutory orders & final judgment of the court below are not in form spread out in said record, & all other errors, deficiencies & imperfections in the said record whatever & hereby agree that the bill of exceptions of the cause contains a full true & perfect statement of the pleadings, evidence & orders of the ~~the~~ court in the cause — The defendant in error further suggests, that near the conclusion of the bill of exceptions drawn up by the plaintiff in error & signed & sealed by the court, it is stated that the bill of exceptions contains a full statement of the proceedings in the cause, so that by the above offer we only agree to the statement made by the plaintiff in error in his own statement of the case, <sup>as appearing from the record</sup> — The defendant therefore submits that the certiorari ought not to be allowed.
