PREFACE.

The Chicago Law Institute was founded in 1857. The object and intention of its organization was "for literary purposes, the cultivation of legal science, the advancement of jurisprudence, and the formation of a law library in the city of Chicago, in the county of Cook." Fuller information regarding its organization will be found in the charter and by-laws appended to this volume.

The law library was immediately started by a consolidation of different libraries of individual stockholders, and was sustained in the manner set forth in the charter and by-laws.

At the time of the great conflagration in October, 1871, the library contained about 7,000 volumes, mainly English and American reports. The fire totally destroyed it. Its re-establishment was immediately begun, and by purchase and voluntary contributions on the part of several states of their reports, and of private parties, who sent us valuable works from their own libraries (for instance, Professor Langdell of Harvard, 109 volumes of the English Statutes at Large—well bound), we had acquired 2,000 volumes one year after the fire.

December 31, 1901, the library contained 38,224 volumes. A great many duplicate session laws and state publications are not included in this number.

The first catalogue of our library was published in 1881, when we had 14,000 volumes. A revised edition was published January 15, 1887, when the library contained nearly 20,000 bound volumes. Lists of yearly accessions were printed, which were consolidated in 1893 under the title of supplemental catalogue. These publications were very defective. Additional catalogues were undertaken from time to time by assistant librarians, but not completed, until at a general meeting in 1901 the executive committee ordered a catalogue of the library to be prepared and printed.

What we said in the preface to the 1881 and 1887 catalogue applies also to the present one: "There are no bibliographical merits whatever claimed for this catalogue. It is intended simply as an index for the members of the Institute, giving a

concise inventory of the titles of books and subjects contained in our library, alphabetically arranged."

In compiling this index, a good deal of help was afforded us by Soule's Manual; the catalogue of the Law Library Association of St. Louis, 1895; the catalogue of the Indiana State Law Library, by McNutt, 1898; and the catalogue of the library of the Association of the Bar of New York, 1890; and as to foreign literature, by Mühlbrecht's Wegweiser and the annuals.

Our reports of trials are placed in the subject index under two lists—the first arranged alphabetically, the second by subjects.

The rules of court of the Appellate and Supreme Courts of Illinois, and of the United States Supreme Court and Court of Appeals, as published in the reports, are given in the governmental index, under the respective heads of Illinois and United States. The rules of the supreme courts of many states, which were not published in pamphlet form and only appear in the reports, were omitted.

Our list of abbreviations contains only those reports which are cited by the reporter's name, and the miscellaneous sets of reports and collections of cases on special subjects. Abbreviations of the names of authors of text-books, of reports under the name of the state, and of well-known periodicals have been omitted. Periodicals consisting largely of reports of cases have been given.

Many addresses, legal essays, and other matters of interest, published in the reports, have been placed, under the state to which they refer, in the governmental index.

In the authors' index, editors of editions of books are given under the author of the book edited, and not under the name of the editor.

The compilers of statutes, reporters, etc., are given in the governmental index under the respective states, and not in the authors' index. A reference to the table of abbreviations will show to what state a given report belongs.

Mr. H. C. Davis, assistant to the Librarian, is entitled to our recognition for the services uninterruptedly performed in seeing our catalogue through the press, reading almost all the proofs, and spending a great part of his leisure time in attending to the details of the work.

THE EXECUTIVE COMMITTEE.

Chicago, April 26, 1902.

And every such applicant shall be subject to acceptance or rejection by the Executive Committee, and if he be rejected, the money so paid shall be returned to him. (As amended Jan. 9, 1892.)

SECTION 3. The stock of the Institute shall be divided into shares of one hundred dollars each, to be paid for as provided in the foregoing section, and may be transferred as hereinafter provided.

SECTION 5. There shall be an Executive Committee, composed of the officers and managers, which said Executive Committee shall have power to admit members, to establish rules and regulations regarding the use of the library, and other property of the Institute, to impose fines and penalties for a breach of such rules and regulations, and to exercise a general control and supervision over the affairs of the Institute, and its officers and committees.

SECTION 6. The Executive Committee shall be divided into the following Sub-Committees, to be appointed by the President, as follows, viz:

Judiciary Committee of five members.

(As amended Jan. 8, 1898.)

SECTION 7. At each annual meeting, and oftener, if required, the various Sub-Committees shall make reports of proceedings, which said reports shall be deemed and taken as the report of the Executive Committee, *provided* that the report herein required of the Finance Committee, may be embraced in the Treasurer's report.

SECTION 8. The President shall preside at the various meetings of the Institute, and of the Executive Committee, and he shall be chairman of said committee; and during his absence his duties shall be performed by the Vice-Presidents in their order, and in the absence of all, a President *pro tem*, may be chosen.

SECTION 10. In case of vacancy in any of the offices or board of managers, the Executive Committee shall have power to fill such vacancy, and if any member of the Executive Committee shall be absent from three consecutive meetings of such Committee, without satisfactory excuse, the office of such absenting member may, by a vote of two-thirds of the Executive Committee, be declared vacant, and the Executive Committee may proceed to fill such vacancy.

SECTION 11. The Treasurer, before entering upon the duties of his office, shall give a bond, payable to the Institute, with securities, to be approved by the Executive Committee, and in such sum as it shall direct, conditioned, faithfully to account for all moneys that may come into his hands as such Treasurer, and pay the same as directed by the Institute or Executive Committee, and well and faithfully to perform all the duties of his office, and he shall in no case pay out any money belonging to the Institute, unless so ordered by the Executive Committee or the Institute. He shall make an annual report to the Institute of the financial condition of the Institute.

SECTION 12. The Secretary shall attend the meetings of the Executive Committee, and the Institute, and shall preserve and record full and complete minutes of all the proceedings of the Institute, and the Executive Committee, and all papers that may come into his hands as Secretary, and shall perform such other duties incident to the office of Secretary, as shall be required by the Executive Committee of the Institute, and shall make an annual report to the Institute.

SECTION 13. The Librarian, by and with the consent of the Executive Committee, may employ assistants at such salaries as shall be fixed by the Executive Committee, to whom the Librarian may delegate such of his power and duties as he may with the approbation of the Executive Committee think proper. The annual reports of officers shall be printed and distributed to the members at least three days prior to the meeting. (As amended Jan. 11, 1896; Jan. 8, 1898.)

SECTION 14. There shall be an annual meeting of the Institute, for the election of officers and the transaction of such other business as shall come before it, on the first Saturday following the third Monday of January, in each year. And there may be special meetings whenever, in the opinion of the President or the Executive Committee, the same may be required; *Provided*, that notice of all meetings of the Institute, whether annual or special, shall be given by the Secretary to each stockholder, by a note printed or written, to be delivered personally to each stockholder, or to be deposited in the Chicago post-office at least three days prior to such meeting. (As amended Nov. 26, 1892; Jan. 6, 1894; Jan. 8, 1898.)

SECTION 15. The members present at any stated or special meeting of the Institute, shall constitute a quorum for the transaction of all business, *Provided*, that no amendment to these By-Laws shall be made, nor any additional By-Laws adopted at any special meeting, unless at least twenty members of the Institute are present at such special meeting; and *provided further*, that notice shall be given, by the Secretary, at least ten days before such special meeting, of an intention to propose alterations or amendments to the By-Laws, or additional By-Laws, as the case may be, but the same may be altered or amended, or added to, at the annual meeting, without notice of such proposed change.

SECTION 16. All assessments, fines, and installments for subscriptions to stock, shall be payable at the office of the Treasurer of the Institute.

The Executive Committee may remit any assessment or fine, in whole or in part, for good cause.

As soon as any member shall be in arrears, either in assessments, or fines, or installments of subscription to stock, the Treasurer shall notify him of his delinquency by a written or printed notice, to be sent through the Chicago postoffice, and shall hand in his name to the Librarian, and such member shall be excluded from the privileges of the library until his dues shall be paid in full.

If any such default shall continue, in whole or in part, for thirty days after such notice shall be mailed, it shall be the duty of the Treasurer to send a second notice through the postoffice to such delinquent notifying him of his default, and of the fact that a previous notice had been sent to him. If such default shall continue, in whole or in part, for thirty days after his second notice has been mailed, it shall be the duty of the Treasurer to transmit to the Secretary a statement showing when such notices were mailed, and the sum due from the member, and thereupon the share of stock held by such member shall be deemed and considered as forfeited, and shall thereby become forfeited to the Institute without any further action, and it shall be the duty of the Secretary to enter a minute to that effect upon the records, which shall be notice to all persons who shall subsequently deal with such share of stock.

The Executive Committee shall have power to restore to any member stock so forfeited, *provided*, the delinquent shall within such reasonable time after such forfeiture as may seem proper to them, comply with such terms as the Executive Committee may impose.

SECTION 17. No book shall be taken from the library rooms of the Chicago Law Institute without giving therefor the receipt of the member responsible for the same and an agreement therein to pay the fine hereinafter mentioned, and every book taken from the library shall be returned within three days, and in default thereof, the member so responsible shall thereupon be liable for the payment of a fine of ten cents per day for each book not returned within such three days; and a list of the names of persons who become liable as aforesaid, and the amounts of such several fines, shall be prepared by the Librarian or his assistant and be handed to the Treasurer monthly, and it shall be the duty of

the Treasurer to enforce the payment of such fines by exclusion and forfeiture, as is provided by Section 16 of the By-Laws of said Institute. (As amended Jan. 8, 1898.)

SECTION 18. No transfer of stock shall be made, except on the books of the Institute, nor without the production and return of the certificate, or proof satisfactory to the Executive Committee of its loss, and upon such surrender, or proof of loss, a new certificate shall be issued, but the assignee of such assigned certificate shall first have been elected a member of the Institute. *Provided*, that no new certificate of stock shall be issued until all installments and assessments levied or assessed upon the share of stock so assigned, are fully paid, nor until all fines imposed upon the assignor, and due at the date of such assignment, are also fully paid.

SECTION 19. The Institute shall have the power, at any annual meeting, to lay an assessment upon each share of stock issued or subscribed for, and to provide for the collection and disbursement of such assessment.

SECTION 20. The judges of the Appellate Courts for the State of Illinois shall be entitled to all the privileges of the library, on the same conditions as provided in Section 6 of the Charter of the Institute relating to the use of the library by the other judges in said section named.

SECTION 21. Any member who shall be or has been disbarred by the Supreme Court of this state shall be excluded from the use of the library; but no such exclusion shall operate to prevent such member at any time from disposing of his stock. (Adopted Jan. 26, 1902.)

SECTION 22. All By-Laws heretofore adopted, are hereby repealed, and these Revised By-Laws shall be in force from and after their passage.

RULES FOR THE GOVERNMENT OF THE LIBRARY.

1. That if any book shall be kept out of the library for more than three days, the member upon whose receipt it shall be taken, shall forfeit and pay to the Institute the sum of ten cents for each and every day such book shall be absent subsequent to the three days; *provided*, that if any trial for which such book was taken, shall not be concluded at the end of the three days, upon a new receipt being given, such book may be retained for three days longer, and so on until the trial shall be concluded. *Provided*, that the Executive Committee may classify the books of the library, and determine, by regulations therefor, the times and places to and for which books of each class may be drawn and taken from the library. But they shall allow no book to be retained longer than fourteen days.

2. That if any book issued upon the receipt of any member of the Institute shall be taken to any other place than a Court of Record in this city, such member shall forfeit and pay to the Institute the sum of one dollar for each book so taken; *provided*, that books may be taken to any room in this city to be used upon the trial or argument of any case pending in a Court of Record, or before any Arbitrator, or any Master in Chancery, without incurring this penalty, but subject to the same restrictions as to time as in Rule No. 1.

3. That if any member of this Institute shall remove, or cause to be removed from the library, any book contrary to the rules of the Institute, he shall forfeit and pay to the Institute the sum of two dollars for each book so taken.

4. That when any member of the Institute shall have incurred any of the foregoing penalties, he shall be notified thereof in writing, by the Librarian, and after the receipt of such notice, unless such book be returned, and the fines paid forthwith, without any further action, he shall be excluded from the privileges of the Institute, until such penalty shall be paid and the book returned.

5. That no member of any law firm shall have any right of access to the books of the Institute, or be allowed to draw books in his own name, unless he first become a member of the Institute, or in the name of his law firm, unless all the members thereof are members of the Institute.

6. The latest editions of text-books, and text-books of which there are no duplicates in the library, shall not be withdrawn from the library except for immediate use in court. Statutes and Digests may be taken from the rooms of the Institute only to the Court rooms for actual use therein, and in that case they must be returned not later than the adjournment of the court on the same day. *Exception.* Members shall be allowed to take Statutes from the library *as* other books for the space of not exceeding *two hours*, subject to return on call if wanted in Court: and any failure to return them as provided in this rule shall forfeit the right of the member so failing to take out Statutes thereafter under this rule. (As amended Jan. 21, 1899.)

7. The following books shall be drawn only for immediate use in Court or before a Master in Chancery or Arbitrator: The United States Supreme Court Reports, the Illinois Supreme and Appellate

Court Reports, new books which have not been put upon the shelves, books which have the label reading "This book can only be drawn for immediate use in Court" attached to them; and all books so drawn shall be returned to the library immediately upon the conclusion or continuance of the motion, reference or trial for which they were drawn.

8. Smoking is prohibited in the library rooms of the Institute.
