

No. 8680

Supreme Court of Illinois

James Clerrison

vs.

Augustus Bartleson

71641  7

James G. Thomson
vs
Augustus C. Partheson } In Supreme
Court,
Nov. Term
1875.

I thought - as amicus curia
suggests to the Court, that no
supercedens should be granted
in this cause

1. Because it does not app-
ear by the record that
any final judgment was
entered in the cause
2. The Bill of exceptions
does not show that the
exceptions were taken at the
time and for other
defects apparent on the
record - I thought.
